Subject: Occasional Licenses

Dear Sir/Madam,

I would like object to the granting of any further 'occasional licenses' for the Red Lion and the Eagle Tavern in Prestwick.

The ongoing granting of such licenses for extended rear beer gardens, has hugely increased their capacities, filling up with crowds of people eating and drinking till 10pm, hugely increasing the noise levels.

My objection is made on the basis that these developments breach the licensing objective, that is, preventing public nuisance.

Yours sincerely,

Barbara Bolton

I want to make yet another complaint/objection to the granting of any further 'occasional' licenses to the Eagle Tavern in particular in this instance, but also including The Red Lion with their jam-packed former carpark and the generally increased noise pollution, due to the hugely increased infrastructure capacity.

Regards,

Barbara Bolton

Subject: Re: Automatic Response: Planning Service

To: Planning Development <Planning.Development@south-ayrshire.gov.uk>

Dear Sir/ Madam,

Further to my previous complaints/objections with regard to the rear outdoor extensions of both The Red Lion and the Eagle Tavern, I wish to complain about the horrendous noise from a party of drunken women yesterday afternoon. This group were seated at the end of theEagle's decking, closest to my back door. They were shouting, singing, shrieking, squealing and swearing, Their racket was punctuated with 'F' words...f***y, f*d, f**k..f***ing. My son and his family, girls aged 6 and 9, dropped in for a visit and were shocked at how loud and vulgar they were. Staff continued to serve them drinks and they got louder and louder. There were no stewards and no attempt was made by staff or management to suggest they were causing a public disturbance and nuisance. How is it that even on a Sunday afternoon I can't expect to spend quality time with my family in my garden.

When are you going to post the details of retrospective application ref. 21/001311 COND?
