16. Notice of Motion from Councillor McDowall, seconded by Councillor Moonie:-

“That this Council

celebrates the contribution of the Scottish Government’s Freight Facilities Grants (FFG) in moving freight to rail and sea, and contributing to reducing carbon emissions and congestion;

notes that 37 FFG awards totalling £68.9m have been made to projects in Scotland reducing the need for 33,573,500 lorry miles per year;

recognises that Transport Scotland are in advanced discussions with a number of current bidders to the Fund, including a proposal by a social enterprise in South Ayrshire for a railhead at Grangestone by Girvan;

believes that the Grangestone railhead could provide great economic and environmental benefits to South Ayrshire;

regrets that the Scottish Government has proposed to reduce support for the Freight Industry from £10.3m in 2010/11 to £2.9m in 2011/12, including the closure of the FFG scheme for projects which will incur expenditure after 31st March 2011; and

expresses great concern that this would put in jeopardy the work that had been done on the Grangestone railhead scheme and similar proposals across Scotland and instructs the Chief Executive to write to the Scottish Government expressing this Council’s concern.”
